PRINCIPALS OF PUBLIC ELEMENTARY AND HIGH SCHOOLS

Under classification the year given is that of the initial year of continuous accreditment. The rating is for the school year ending June 30, 1941. The elementary schools are rated on the basis of the new standards. The "C" classification is a one-year rating and indicates those schools which have met all requirements except average daily attendance. "R" indicates recognition of schools which have met all requirements for accreditment except number of teachers. All schools not rated are classified as non-standard and hence are indicated by ruled lines (————) in the classification columns. Where an elementary or high school is operated independently, the other columns are indicated by leader lines (.....). In the case of high schools an asterisk (*) denotes membership in the Association of Colleges and Secondary Schools of the Southern States. For Negro schools the asterisk (*) indicates approval by the Southern Education Association.
